

Free School Immunizations

We offer free school immunizations for children ages 2 months through 18 years who are eligible through the Centers for Disease Control's Vaccines for Children (VFC) program.

Appointments are not needed for school immunizations and are available at Gifford Health Center Pediatrics on a walk-in basis **Monday through Friday, 8:00am to 11:00am and also 1:00pm to 4:00pm.**

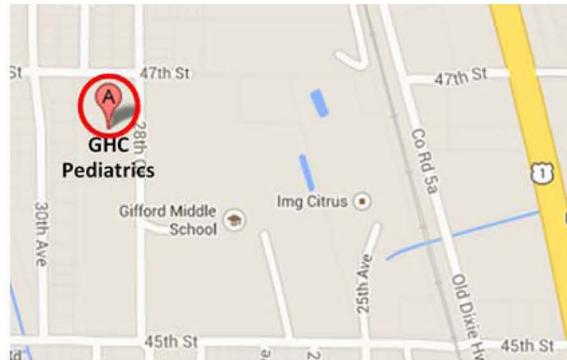

For more information on school immunizations, please call 772-794-7478.

FEES: Fees for most pediatric services are based on a sliding fee scale for Indian River County residents and is determined by family size, income and any insurance. We currently accept Medicaid, Florida KidCare, Blue Cross, AvMed, UnitedHealthcare, and several HMOs. If you are part of an HMO, please verify with your HMO what provider you are authorized to go to. Please call ahead to verify current insurance we accept before making an appointment.

HOURS: We are open Monday through Friday from 8:00am to 5:00pm and close daily for lunch from 12:00pm to 1:00pm. We are closed on most major holidays.

APPOINTMENTS: To make an appointment for your child, call **772-794-7415.**

PEDIATRICS

The health and well-being of a child is very important and directly related to their overall development, both during childhood and into adulthood. That's why it is vital for every child in Indian River County to have access to and receive affordable quality health care.

The Florida Department of Health in Indian River County's Gifford Health Center Pediatric clinic is a pediatrics focused health center located 3 miles north of the main health department site. Our caring staff of licensed medical and professional support personnel are dedicated to providing a wide variety of pediatric primary care for children from birth through age 17 to low-income, uninsured and under-insured families.

Some of the pediatric services offered at Gifford Health Center Pediatrics include the following:

- Well and sick visits
- School physical exams
- Screening and diagnostic testing for hearing, vision and blood lead levels
- Measurement of growth and development
- Nutrition counseling
- Childhood immunizations
- Treatment or referral to specialty care
- Same and next day appointments

Gifford Health Center Pediatrics

In addition, the following services at our main health department site, located at 1900 27th Street in Vero Beach, are also offered for our pediatric patients:

- **Dental:** Our Dental Clinic, located at our main site, offers dental services to children ages 2 and up to residents of Indian River County, regardless of income level, and to children with Medicaid. Call 794-7435 for more information about our Dental Clinic.
- **WIC:** WIC, located at our main site and in Fellsmere, is a nutrition program for income-eligible women who are pregnant, breastfeeding, or who recently gave birth, and for infants and children to age 5. WIC provides healthy foods, nutrition education, counseling and breastfeeding support, and referrals for health care. If you are pregnant or recently gave birth, contact our WIC office at 794-7430 for an evaluation and more information about this program.
- **Birth Certificates:** Certified birth certificates are available at our main site's Office of Vital Statistics. Call 794-7460 for more information about obtaining a birth certificate.
